Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Sociopath and Psychopath: The Worst of both worlds - How to detect, avoid, and counter-attack their behavior How about other friends and associates? Have you been introduced to their family? Perhaps you can't understand why someone who is so lovely and charming and who you consider to be a wonderful human being, has such few friends. Maybe this is because the ones that came before you have already experienced their other side. If you question this, you will discover that sociopaths are natural liars. You'll be told how terribly wrong their previous partner treated them, or how their entire family was taken out in a single tragic accident, and that's why they are alone. There are ways to independently investigate such grandiose claims. If you're suspicious, do not take anything at face value. Along with a similar line, watch out for anyone who tries to isolate you from your own friends and support groups. Sociopaths like to remove you from any other support so that you don't have the ability to pull back or have...
