## WALDEN TODAY

Wayne M. Thomas, United States, 2012. Paperback. Book Condition: New. 230 x 152 mm. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Walden Today is about creating personal freedom and making a living in a time where there is less job security, fewer jobs, less trust in government and corporations--and more need to rely on yourself to survive. It is a survival manual for avoiding a life of what Thoreau called quiet desperation in depressing economic times. Historically the American Dream was a given that every person who worked hard, who was ethical, financially prudent and self-reliant could achieve a life of relative comfort and security while leaving a modest legacy to their children. They were worried about an environmental warming crisis. They were worried about ever growing, big spending national government. They were living through a huge real estate bubble that popped and took half the banks with it because of...
