## Sustainability and Management of Aquaculture and Fisheries

By H.D. Kumar

Daya Publishing House, 2003. Hardcover. Condition: New. Sustainable water management, food security and water security being some of the most critical issues facing the world in the 21st century - dubbed the Century of Water: this monograph outlines various options for proactive management of fisheries and aquaculture to sustainably meet the growing food requirements of millions of people living in developing countries both in rural areas and in cities. Both freshwater and marine fisheries are covered. Besides giving production statistics calculated by various organisations, the book lists traditional as well as potentially promising newer organisms suitable for aquaculture in swamps, ponds, marshes, lakes and mangroves not only as a source of nutritious food but also as employment avenues for small-scale or marginal fisherfolk.;The book can server as an introductory text for courses in fisheries and aquaculture both in traditional universities and in marine and freshwater institutes.;;Contents;Chapter 1: General Introduction; Definitions, Definition of categories, Fish description, Sustainable development, Unsustainable fisheries, Aquaculture sustainability and food security, Wastes for aquaculture, Sustainable use of living marine sustainable, Aquaculture, Role of local governments in sustainable development, Enhancements systems approach to aquaculture, Quality, Safety, Marketing and trade of aquaculture products, Growth enhancement by genetic manipulation management...
