GRANTA BOOKS, United Kingdom, 2006. Paperback. Condition: New. Language: English . Brand New Book. One is not born, but rather becomes, a woman. - Simone de Beauvoir. To what extent does our social existence determine who we are? What is the meaning of sexuality for human existence? What is the meaning of old age ? What is a woman? And what, for that matter, is a man? Stella Sandford explores the philosophical basis of Beauvoir s reflections on these and other questions, from her early moral period, through her post-war philosophical crisis, to the astounding polymathic studies of her mature thought. She demonstrates the persistence of the fundamental existential and ethical questions that drove Beauvoir s work and her constant revision of her own positions. With a central emphasis on Beauvoir s major work, *The Second Sex* , extracts are also taken from her first philosophical and political essays, as well as *The Mandarins*, *Old Age* and her essay on the Marquis de Sade.
