PEDIATRIC IMAGING

Lippincott Williams&Wilki Nov 2015, 2015. Buch. Condition: Neu. Neuware - The purpose of this book is to provide residents, fellows, and general practitioners a comprehensive yet concise review of pediatric radiology. It describes all of the primary pathologies that afflict the pediatric population, supplemented with an abundance of detailed imaging. The content is subdivided within organ systems, which is consistent with both prior pediatric radiology texts and the resident curriculum set forth by the Society for Pediatric Radiology. Learning objectives...
