Thermal Management of Electronic Systems

By Hoogendoorn, C. J. / Henkes, R.A.W.M.

Book Condition: New. Publisher/Verlag: Springer Netherlands | Proceedings of EUROTHERM Seminar 29, 14-16 June 1993, Delft, The Netherlands | Proceedings of EUROTHERM Seminar 29, 14-16 June 1993, Delft, the Netherlands | The Eurotherm Committee has chosen Thermal Management of Electronic Systems as the subject of its 29th Seminar, at Delft University of Technology, the Netherlands, 14-16 June 1993. This volume constitutes the proceedings of the Seminar. Thermal Management is but one of the several critical topics in the design of electronic systems. However, as a result of the combined effects of increasing heat fluxes, miniaturisation and the striving for zero defects, preferably in less time and at a lower cost than before, thermal management has become an increasingly tough challenge. Therefore, it is being increasingly recognised that cooling requirements could eventually hamper the technical progress in miniaturisation. It might be argued that we are on the verge of a revolution in thermal management techniques. Previously, a packaging engineer had no way of predicting the temperatures of critical electronic parts with the required accuracy. He or she had to rely on full-scale experiments, doubtful design rules, or worst-case estimates. This situation is going to be changed in the foreseeable...

Reviews

This book is great. it absolutely was writtern really perfectly and beneficial. You may like how the blogger compose this book.

-- **Pink Haley**

This type of publication is every little thing and got me to seeking in advance and much more. I could possibly comprehended every little thing out of this created e publication. I am happy to explain how this is the finest pdf we have study in my very own life and can be he greatest ebook for actually.
