**DEFENSE LOGISTICS: INFORMATION ON APACHE HELICOPTER SUPPORT AND READINESS:
GAO-01-630****DOWNLOAD**

BiblioGov. Paperback. Book Condition: New. This item is printed on demand. Paperback. 36 pages. Dimensions: 9.7in. x 7.4in. x 0.1in. This report examines selected logistics, funding, and readiness issues pertaining to the AH-64 Apache helicopter program. GAO found that the Apaches identified sustainment systems technical support requirements have not been fully met in fiscal years 2000 and 2001. In fiscal year 2000, funding fell short of the 28.6 million needed for Apache sustainment support. The military projects that it will be able to meet only 56 percent of the Apaches sustainment support requirements for fiscal years 2001-2003. Furthermore, because the Apache sustainment support projects must compete with other weapon systems for limited funding, some Apache projects have been delayed or limited in scope. GAO also found that the procurement of parts for the Apache is hampered by an outdated inventory system. The technical manuals used by field and depot personnel lack critical technical drawings and specifications, and the Army must resort to other methods, such as reverse engineering, to compensate for the lack of data. Finally, the Army has several unfunded requirements for Apache component upgrades for fiscal years 2001 and 2002. GAO found, however, that these issues have not prevented the Apache fleet from meeting its readiness goals. This item ships from La Vergne, TN. Paperback.
