To obviate misunderstanding, it seems well to warn the reader that this book aims only at giving a sketch of George Washington's life and acts. I was interested to discover, if I could, the human residue which I felt sure must persist in Washington after all was said. Owing to the pernicious drivel of the Reverend Weems no other great man in history has had to live down such a mass of absurdities and deliberate false inventions. At last after a century and a quarter the rubbish has been mostly cleared away, and only those who wilfully prefer to deceive themselves need waste time over an imaginary Father of His Country amusing himself with a fictitious cherry-tree and hatchet. The truth is that the material about George Washington is very voluminous. His military records cover the eight years of the Revolutionary War. His political work is preserved officially in the reports of Congress. Most of the public men who were his contemporaries left memoirs or correspondence in which he figures. Above all there is the edition, in fourteen volumes, of his own writings compiled by Mr. Worthington C. Ford. And yet many persons find something that baffles them. They do not recognize a definite flesh and blood Virginian named Washington behind it all. Even so sturdy an historian as Professor Channing calls him the most elusive of historic personages. Who has not wished that James Boswell could have spent a year with Wellington on terms as intimate as those he spent with Dr. Johnson and could have left a report of that intimacy. In this sketch I have conceived of Washington as of some superb athlete equipped for every ordeal...
