Reviews

The very best ebook i ever study. It really is rally fascinating throuh reading through period of time. It is extremely difficult to leave it before concluding, once you begin to read the book.

(Coleman Kreiger)

MOSCAS BLANCAS

MUNDI-PRENSA LIBROS, MADRID, 2014. Rústica. Book Condition: New. Dust Jacket Condition: Nuevo. 1. Cuando las Moscas Blancas empezaron a ser una plaga de importancia en la agricultura, la aspersión oportuna de insecticidas permitía controlarlas con un balance económico favorable para el producto. Sin embargo, el uso indiscriminado de productos químicos, y el desconocimiento de la biología del insecto causaron resistencia a los insecticidas, contaminación del ambiente, daño a la salud de productores y consumidores, desaparición de sus enemigos naturales, incremento en los costos de producción y efectos sociales indeseables. Este libro sobre Moscas Blancas es resultado de la preocupación de un grupo de investigadores mexicanos y brasileños por la creciente amenaza de ese insecto en muchas regiones del mundo. No es un manual de recomendaciones, pero sí una guía para que los lectores encuentren estrategias para frenar la plaga. Está dirigido a productores, técnicos, estudiantes, investigadores, extensionistas y, en general, a las personas interesadas en este fenómeno ecológico. Una lista resumida de tópicos abordados: Bioecología, Taxonomía y diagnosis, Interacción con arvenses, Fertilización nitrogenada, Resistencia vegetal, Distribución espacial y muestreo, Resistencia a insecticidas, Parasitoides y depredadores, Substancias vegetales, Control microbiano y Manejo integrado. LIBRO.
