DUST Adventures RPG is a rules-light exciting roleplaying game set in Paulo Parentes DUST Universe and inspired by the epic tales arising from the DUST Tactics miniatures game. From the mind of Paulo Parente comes the world of Dust. Another Earth. A different 1947. The Second World War has raged for nearly a decade and its grip has spread to every continent on the planet. War has advanced swiftly and strangely in the Dust universe through the application of Alien VK technology a limitless source of energy in its simplest form, and an unthinkable weapon in the wrong hands. Tanks have evolved into powerful combat walkers and rocket troops take to the skies. The latest laser cannons, phasers, and Tesla weapons rule the battlefield. The core rulebook will contain full rules, an introductory adventure and much more. Later releases will include campaigns and supplements and card decks for simplified character generation. Players will be able to bring their favourite figures from DUST Tactics and DUST Warfare into the roleplaying game and conversion rules will let them take their heroes into the tabletop miniatures game.
