CreateSpace Independent Publishing Platform. Paperback. Condition: New. This item is printed on demand. 386 pages. Dimensions: 9.0in. x 6.0in. x 0.9in. A young woman with the fate of a nation in her hands. An aircraft designed by science, fueled by magic and flown with passion. A World War re-imagined like never before. In 1942 an unlikely heroine changes the course of history. Twenty-two year old RAF pilot Veronica Ronnie Somerset is determined to overcome every obstacle to become Britains first female combat pilot. When Ronnie is assigned to Enysfarne, a mysterious Royal Navy base off the coast of Cornwall, fate places her inside the cockpit of a revolutionary new aircraft powered by quadra-hydrogen, the DragonFly, a plane that carries the hopes of Britain on its blue and silver wings. Across the English Channel, Reichsfhrer Bernhardt Morax, Hitlers personal sorcerer prepares his army of Blutskriegers for the invasion of Britain. The Blutskriegers are bio-mechanical warriors created by a Nazi occult science whose dark secrets cross the boundaries of evil. As the German invasion fleet gathers off Englands shores, will the Druid wizard, Affodill whose ancestral home of Enysfarne has been expropriated by the Royal Navy join forces with the British or will he make a pact with the evil Morax Can Princess Victoria and Ronnie Somerset convince Affodill to place his magic in the service of a nation that has betrayed his Druid ancestors for centuries Both the Kindle and print editions of DragonFly contain illustrations that make the action jump off the page, including character dossiers, historical retrographs and fantastic designs of retro-futuristic aircraft (sixty illustrations in the Kindle edition, thirty-three in the print edition). Strap yourself in for a wild five star ride as award-winning author Charles A. Cornell takes you on his science fictionfantasy adventure, DragonFly set in an...
