

Hacking Secrets: What Hackers Don t Want You to Know? (Paperback)

By Anonymous

Createspace Independent Publishing Platform, United States, 2015. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Hacking is something that many people fall victim to at some point in their life. You may only experience an amateur hacker breaking into your information just because they can and leaving again without taking anything. On the other hand, you may experience hacking where your information is stolen and someone uses it to take money or even your identity. Any type of hacking can leave you feeling vulnerable, even if they don t take anything while they are there. That s a feeling that you never want to have and the idea that someone could take anything you own just that easily is terrifying as well. This book is an introduction to protecting yourself from hacking. Find out more about what hackers do to get into your information and your system and what you can do to keep them out. Make sure that you understand different skills and techniques from how to create a proper password and choose a good virus software to how you should be storing your information for the most security. All of this and...
