Reviews

The best publication i actually study. We have study and that i am certain that i will likely to study once more again later on. Your daily life span will likely be transform the instant you total reading this book.
(Mrs. Alene Leffler DVM)

DRUGGED TO DEATH: THE HEALTH CRISIS OF OUR GENERATION (PAPERBACK)

BookBaby, 2017. Paperback. Condition: New. Language: English . Brand New Book. This book, How America s Addiction to Heroin Opiate Prescription Painkillers Became The Health Crisis of Our Generation, is needed because the Opioids Epidemic has cost the lives of 560,000 Americans who died of opiate overdose with 50 million more being addicted to these powerful drugs. President Trump recently declared the Opioids Epidemic a, National Emergency. U.S. Surgeon General Vivek Murthy describes the current Opioids Epidemic as The Health Crisis of Our Generation. CDC Director, Tom Frieden, MD, MPH is quoted as saying, The Opioid Epidemic is devastating American families and communities. People are literally dying in their cars with their kids in the back seat, dying in the aisles of local markets with their kids pulling at their limp bodies with 65,000 dying just last year according to the New York Times due to a prescription opioids crisis that continues to spiral out of control. That s a whopping 178 people per day who died of overdose in America in 2016. Opioids overdose deaths, including heroin and opioid pain relievers, hit record levels in 2015 and are rising dramatically. In fact, according to the CDC, the #1 cause of death in the 50-and-under age group is opiate overdose. With no end in sight for this horrible epidemic, the timing for this book couldn t be better. This book is about the subject of heroin opioids addiction and how serious it is in the context of the current crisis we re in. This book exposes the crisis, manufactured by and for the pharmaceutical industry, solely in the name of profit, pointing out that Purdue Pharma, the makers of OxyContin, paid over \$600 million in fines to the Justice Department, which pales in comparison to the \$3.1 Billion they collected...
