INTERNATIONAL BUSINESS VALUATION

Condition: New. Publisher/Verlag: UTB | International business valuation has become a vital part of today's international corporate finance activities. Within the scope of continued globalization, financial experts face the perpetual challenge of measuring country-specific risks and including these risks in valuation models. This book is based on the fundamental principle of traditional business valuation and demonstrates how companies and business units are to be assessed outside their domestic markets. It presents different approaches of modelling a country risk premium as...
