I have had the pleasure of buying lots of beauty and skincare products over the years, but I had always had this inclination to start creating creams domestically for my private use. I hate shelling out lots of cash for something that I can easily create myself, even at a fraction of the standard cost. These home-produced beauty creams are: ***Non-greasy. ***Has great fragrance ***Incredibly easy to create i.e. you will have no need for any fancy equipment. ***Made of variable ingredients i.e. don t need to waste time or spend money on purchasing specific components. About three years ago, I made up my mind to get rid of the harmful substances that were in my bathroom. Everything had to go; from hand and body creams to makeup as well as body wash. I had this strong urge to be simple and coupled with the awareness of natural living, and I began to develop my personal substitutes of lotion and foundation powder. With this book, I m sharing my favored recipes for producing moisturizing hand and body creams which are light and fluffy, and from natural ingredients.
