

Night Kayaking (Paperback)

By James Nugent

Createspace, United States, 2014. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Kayaking at night has its rewards and hazards. I have noticed that when you master a sport; eventually you want to challenge yourself more. Sooner or later you end up doing it at night. This has happened with me for many years in many areas of my life. For example, I have been: scuba diving, flying, hiking and kayaking in the dark. Low, visibility takes a sport and turns it into an extremely isolating and yet empowering experience. My life and joy for living, are in only my hands. I must make peace with God, silence my personal fears and then embrace life to its fullest. This is the pleasure I have found in kayaking at night.
