

The Lymphatic Fluid and T-Cell Receptor V Expression in Peripheral Blood Mononuclear Cells (Pbmcs) of Patients with Wuchereria Bancrofti Infection

By Magapu Solomon Sudhakar

Grin Verlag GmbH. Paperback. Condition: New. 238 pages. Dimensions: 8.3in. x 5.8in. x 0.5in. Doctoral Thesis Dissertation from the year 2006 in the subject Medicine - Biomedical Engineering, grade: TEXTBOOK-PUBLICATION, Anna University (-), course: Ph. D. , language: English, comment: A THESIS Submitted by M. SOLOMON SUDHAKAR in the fulfilment for the award of the degree of DOCTOR OF PHILOSOPHY , abstract: Lymphatic filariasis (LF) is a disease that is currently the target of a major global initiative for elimination. During the past decade, both the treatment and the control strategies for LF have undergone major paradigm shifts-due to rapid increase in knowledge and understanding of LF that is derived directly from a series of commendable progress made by scientific and medical research communities. In pursuit of understanding LF a disease to which a social stigma is attached, the chronic pathology (CP) of LF was taken as a model to understand the immunopathological mechanisms that lead to acute lymphangitis and lymphadenitis, in filarial infections, harboring Wuchereria bancrofti. It is a well established fact that elephantiasis is a consequence of immune-reactivity to adult worm antigens. Therefore, it was thought that T-cells infiltrating the lesions in chronic-pathology disease could augment for elevated...

Reviews

Without doubt, this is actually the greatest function by any article writer. It is among the most amazing publication i have got read. Its been printed in an exceedingly basic way in fact it is simply after i finished reading through this publication where in fact changed me, change the way i believe.

-- Arielle Ledner

A top quality ebook and the typeface used was interesting to read through. It is rally intriguing throug reading through period. You wont feel monotony at anytime of the time (that's what catalogues are for relating to when you ask me).
