Sex, just happens to be one of the most talked about and thought about words in our vocabulary. With its many synonyms it is an inescapable part of our daily speech. The act the word describes is no less embedded into our lives. Our outlooks and our perspectives on it are varied and when those differing ideas come together it signals the beginning of exploration of one of the most honest attributes of human nature. While searching for an answer read Lyrical Sex and allow the rhyme and word play to join you on your private journey of sensual discovery.
