By Edward L Walker

Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from Anatomy for Conformity Conformity is a current social problem. This book is an effort to show how analysis of the problem can lead to experimental research, and how the conclusions obtained can yield general principles applicable to everyday problems. This volume grew out of what has been called the Conformity Project. The Conformity Project began in informal discussions among a number of its eventual participants. It grew into a formal proposal and became one of several projects supported by a grant from the Ford Foundation to the University of Michigan for encouragement of new work in the social sciences. Formal work started with an interdisciplinary seminar which had as its basic aim the development and testing of a theory to account for the behavior of individuals in groups in general, and conformity behavior in particular. An experimental phase began to develop toward the end of the first year, and by the beginning of the third year the project was almost entirely experimental in character. The original goal of the project was to achieve a synthesis...

Reviews

This is actually the finest publication i actually have study right up until now. We have study and so i am confident that i am going to planning to go through again again in the foreseeable future. I am just effortlessly will get a delight of studying a published book.
