

The Matrix of Creation: Sacred Geometry in the Realm of the Planets

By Richard Heath

Inner Traditions Bear and Company, United States, 2004. Paperback. Book Condition: New. Subsequent. 224 x 152 mm. Language: English . Brand New Book. Reveals the ancient mathematical principles refuting the notion of the solar system as an accidental creation Reveals how ancient civilizations encoded their secret knowledge of the sky in mythology, music, and sacred measures Shows how modern culture can benefit from the ancient astronomical and astrological worldview based on number Shows the role of ratio and harmonic proportions in the creation of the material world Humanity s understanding of number was deeper and richer when the concept of creation was rooted in direct experience. But modern sensibility favors knowledge based exclusively on physical laws. We have forgotten what our ancestors once knew: that numbers and their properties create the forms of the world. Ancient units of measurement held within them the secrets of cosmic proportion and alignment that are hidden by the arbitrary decimal units of modern mathematical thinking. Sacred numbers arose from ancient man s observations of the heavens. Just as base ten numbers relate to the fingers and toes in terms of counting, each celestial period divides into the others like fingers revealing the base numbers...
