Fluent Windows 8 Metro Development

By Rebecca M. Riordan

Sams Publishing Dez 2014, 2014. Taschenbuch. Book Condition: Neu. 232x205x46 mm. Neuware - Gain a deep practical understanding of Windows 8 Metro design, architecture, development, and deployment! Based on the principles of cognitive science and instructional design, this radically different tutorial teaches you the way your mind likes to learn: by solving puzzles, making connections, and building genuine understanding. Instead of merely parroting syntax, you'll gain profound insight into Windows Metro's most important innovations and best-practice development techniques. Internationally respected author, application architect, and Microsoft MVP Rebecca Riordan helps you understand Metro in context, use XAML and DOM in Metro development, and work with Metro controls, properties, events, touch-and-drag, and commands. You'll learn today's best ways to use binding, data sources, and structured data; work with typography, animation, rich media, and custom drawing; master Metro's advanced Resource Model; and take full advantage of application elements, context, connectivity, and Metro's advanced deployment capabilities. Throughout, Riordan calls specific attention to innovations that make Metro different and better than Microsoft's previous WPF technologies. Using *Fluent Windows 8 Metro Development*, experienced Windows .NET developers can master Metro development more easily and naturally than ever before. 768 pp. Englisch.

Reviews

The ebook is great and fantastic. We have read and i also am sure that i am going to likely to go through once again again down the road. Once you begin to read the book, it is extremely difficult to leave it before concluding.

-- Erica Turcotte

This book is definitely not effortless to start on reading through but extremely fun to learn. Better then never, though i am quite late in start reading this one. It is extremely difficult to leave it before concluding, once you begin to read the book.
