There are times when you simply need a touch of added warmth to make you feel snug and cozy, even when your fingers are free. Of course, fingerless gloves are an accessory that will never go out of style, and what better way to show off your own unique look than with fingerless gloves you made yourself? You know you like the accessories they have on the shelves of the store, but who wants to be like everyone else? You want to express yourself in a way that no one else has, and to do this, you're going to have to make it yourself. But that raises concerns. If you have never made your own fingerless gloves before, you may be wondering how you are going to make them fit. After all, you want them to fit perfectly like a glove, and when you follow a pattern that tells you to make them a certain size, you may not get the right size for your own taste. And that's where this book comes in. In it, I am going to show you everything you need to make your own fingerless gloves, and to make them fit you perfectly, every time. When you measure against your very own hands as you work, you are getting the perfect fit, no matter how you want your gloves to be. Dive into the world of fingerless fashion with the gloves you made yourself, and feel snug and warm all day long. This book is going to change the way...
