Reviews

This is actually the finest ebook i have study right up until now. I have got study and so i am confident that i will going to read through once again yet again in the foreseeable future. I am happy to inform you that this is the finest publication i have study inside my personal lifestyle and may be he very best pdf for possibly.
(Hobart Anderson II)

OECD GUIDELINES ON CORPORATE GOVERNANCE OF STATE-OWNED ENTERPRISES (ARABIC VERSION) (PAPERBACK)

Organization for Economic Co-operation and Development (OECD), France, 2017. Paperback. Condition: New. 2015 ed.. Language: Arabic . Brand New Book ***** Print on Demand *****.The new OECD Guidelines on Corporate Governance of State-Owned Enterprises provide an internationally agreed benchmark to help governments assess and improve the way they exercise their ownership functions in state-owned enterprises. Good corporate governance of state-owned enterprises is a key reform priority in many countries. Improved efficiency and better transparency in the state owned sector will result in considerable economic gains, especially in countries where state ownership is important. In addition, creating a level playing field for private and state-owned enterprises will encourage a sound and competitive business sector. The Guidelines, first adopted in 2005, provide a set of good practices on the legal and regulatory framework for state-owned enterprises (SOEs), the professionalisation of the state ownership function and the corporate governance arrangements of SOEs. This new version of the recommendation was developed in the light of almost a decade of experiences with its implementation and a number of thematic and comparative studies, developed on the basis of the earlier version of the Guidelines, that showed the need for, and supported, their revision, including in areas such as disclosure and transparency, public-private competition, board practices and funding and financing of SOE.
