Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Seven Chapters of Romance and Reality is about a spiritual journey through emotional phases of my search to give, receive, share and empower the nature of human love. It is also a chronological transition from living in a valley perceived as romance to soaring to a mountaintop of ultimate reality concerning mortal love. This is not a book about feelings, but about the necessity of the lifespan of every emotional experience we venture into when seeking this kind of intimate love. True love is a living spiritual connector between one s soul and another s. God is our living Spiritual Connector between His soul (His very being) and ours. Therefore, only God is love. That is why it is impossible to instinctively love without Him. There are many books, but we can never learn true love from other people s wisdom as it applies to our individual nature. The former may be why the more analytical, psychological and technical we are about it, the more confusion, divorces, broken homes and futile counseling sessions we endure. We can learn only by way of how it is deposited in us and reciprocated through us, cycle after cycle. We learn by experience and growth, and our response to heartache, bliss, anger, confusion, joy, and pain, become the cells of our spiritual connection. We all, through these emotions live words, lines, verses, psalms, pages, chapters and books that we can reflect and read about ourselves. We all have accumulated chapters of romance and reality.
