# INTEREST RATE CYCLES: AN INTRODUCTION

BondEconomics. Paperback Condition: New. 110 pages. Dimensions: 9.0in x 6.0in x 0.2in. Monetary policy has increasingly become the focus of economists and investors. This report describes the factors driving interest rates across the economic cycle. Written by an experienced fixed income analyst, it explains in straightforward terms the theory that lies behind central bank thinking. Although monetary theory appears complex and highly mathematical, the text explains how decisions still end up being based upon qualitative views about the state of the...
