

American Buddhism as a Way of Life (Paperback)

Filesize: 7.56 MB

Reviews

Completely essential go through book. I actually have go through and i am sure that i am going to going to read yet again yet again later on. It is extremely difficult to leave it before concluding, once you begin to read the book.

State University of New York Press, United States, 2010. Paperback. Condition: New. Language: English . Brand New Book. The US seems to be becoming a Buddhist country. Celebrity converts, the popularity of the Dalai Lama, motifs in popular movies, and mala beads at the mall indicate an increasing inculcation of Buddhism into the American consciousness, even if a relatively small percentage of the population actually describe themselves as Buddhists. This book looks beyond the trendier manifestations of Buddhism in America to look at distinctly American Buddhist ways of life--ways of perceiving and understanding. John Whalen-Bridge and Gary Storhoff have organized this unique collection in accordance with the Buddhist concept of the Three Jewels: the Buddha, the Dharma, and the Sangha. The Buddha section discusses the two key teachers who popularized Buddhism in America: Alan Watts and D. T. Suzuki and the particular kinds of spirituality they proclaimed. The Dharma section deals with how Buddhism can enlighten current public debates and a consideration of our national past with explorations of bioethics, abortion, end-of-life decisions, and consciousness in late capitalism. The final section on the Sangha, or community of believers, discusses how Buddhist communities both formal and informal have affected American society with chapters on family life, Nisei Buddhists, gay liberation, and Zen gardens.
