Brand New Book ***** Print on Demand *****.Trading in stocks is often seen as a sure-fire way to make a quick buck (or two). However, what most people don t realise is that there is an art, a science and a discipline to this. Simply playing the markets will not help - you need to understand your own strengths and weaknesses, as well as some dos and don ts. This book lays out some essential guidelines in simple bite-size points - a good starting point for anyone who is new to this field, and a reminder for old hands.
