Createspace Independent Publishing Platform, United States, 2013. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.A fast-paced crime thriller with a chilling ending you won't expect. When an eight-year-old is abducted, his parents pay a huge ransom, following the kidnapper's instructions to the letter. Instead of getting their son back, they receive a chili jar containing one of his fingers and a note demanding more money. Realizing their mistake, they do what they should have done in the first place, they call the police. Wellington detectives, Chris Spacey and Andy Thompson, get lucky and catch the sadistic kidnapper, but after the kidnapper escapes from prison, two more children disappear and a desperate hunt begins. Will police find the children before they are brutalised, or will someone take the law into their own hands? Set in Wellington, New Zealand, over a period of one grueling week, Bad Chillies tells a story about a darker side of human nature. It also illustrates how some parents don't know their children quite as well as they think they do.
