

## The Book on the Book: A Landmark Inquiry Into Which Strategies in the Modern Game Actually Work (Paperback)

Filesize: 2.11 MB

### **Reviews**

*Thorough guideline! Its this type of good read. It is really simplistic but shocks from the 50 percent from the publication. It is extremely difficult to leave it before concluding, once you begin to read the book.*  
*(Sallie Wiegand)*

## THE BOOK ON THE BOOK: A LANDMARK INQUIRY INTO WHICH STRATEGIES IN THE MODERN GAME ACTUALLY WORK (PAPERBACK)

GRIFFIN, 2006. Paperback. Condition: New. Reprint. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*. Picking up where Michael Lewis left off in Moneyball, he addresses the central questions of risk, reward, and value---on the field and off---and reveals what it takes to win. ---John Thorn, editor of Total Baseball Die-hard fanatics will enjoy this comprehensive collection of groundbreaking baseball strategies, analyses, statistics, and studies This unique approach to understanding the tried and true methodologies of the game of baseball examines conventional elements like the steal, hit and run, and line-up construction. The Book on The Book offers an exciting critique of baseball by placing an actual dollar value on player performance and rating managers based on their on-field moves to determine who are the smartest tacticians. No corner of the ballpark is left unturned as author Bill Felber explores the various methods of team-building, on-field values of players, the role and influence of the general manager in team success, and the importance of park effects. In the vein of the late Leonard Koppett and Bill James, Felber uses mathematical and statistical principles to evaluate the wisdom of standard baseball strategies. Illustrations and a refreshingly engaging style make The Book on The Book the new textbook of baseball analysis. Full-blown fanatics will probably read the book straight through, but casual fans will find plenty of reward simply browsing through selected chapters, such as The Decline and Fall of the Starting Pitcher, Highly Paid Irrelevance, and Rating the General Managers. ---BookPage Well thought out and soundly based, this book could be used as a text for most current teams, who should be trying to keep up with those few enlightened ones that are using logic rather than guesswork and hope. ---Pete Palmer, coeditor of The ESPN Baseball Encyclopedia and...
