AEGYPAN, 2011. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.Yuan Saltario started it. He was serving in my Company and he was one of them. A Menelaus XII-5 unstable, and don t ever call that damned little planet by its number if you meet one of them. They call it Nova-Maurania. But you won t meet one of them. Or maybe you will, maybe they did make it. I like to think they did. There were a lot of them in the Companies in 3078. Restless men. The Companies were the logical place for them. We re still classified anti-social-B-6, too. Every year it s harder to get recruits, but we still have to be careful who we take in. We took Yuan Saltario. There was something about him from the very start.
