Silkworm Books / Trasvin Publications LP, Thailand, 2001. Paperback. Condition: New. 2nd ed.. Language: English . This book usually ship within 10-15 business days and we will endeavor to dispatch orders quicker than this where possible. Brand New Book. Written for both general readers and specialists, this book explores how modern, urban Southeast Asians view and manage their social life. By comparing the ways they live with their religious representations, with intimate and more distant others, and with their rapidly changing environment, the author demonstrates the marked similarities in the perception of individual and society in three civilizations along the inner littoral of Southeast Asia, irrespective of the great religious diversity that appears to characterize the region.
