

## Steps in My Shoes: The Life of a Foster Child (Paperback)

By Ron Deming

Kamahl, United States, 2017. Paperback. Condition: New. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Steps in My Shoes is a true account of my journey through the foster care system and beyond. Going through four foster homes, two adoptive homes, five behavioral facilities, and battling with reactive attachment disorder (RAD), and sensory processing sensitivity (SPS) certainly taught me a lot. The abysmal college graduation rate of less than 3 for foster youth did not prevent me from bagging a bachelor s degree and becoming a licensed teacher. If I could go through all that and still found the courage to become a teacher and author, then I believe other foster youth can too. Reading this book will totally educate you on what an average child in the foster care system passes through on a daily basis. This intriguing book is a must have for teachers, social workers, foster/adoptive parents, people considering being foster/adoptive parents, and current/past foster and adopted youth.

### Reviews

*The very best publication i at any time study. It really is basic but shocks inside the fifty percent of the ebook. It is extremely difficult to leave it before concluding, once you begin to read the book.*

-- **Marlin Swift**

*The publication is simple in go through preferable to fully grasp. I am quite late in start reading this one, but better then never. It is extremely difficult to leave it before concluding, once you begin to read the book.*
