## CANOE CRAFT: AN ILLUSTRATED GUIDE TO FINE WOODSTRIP CONSTRUCTION (2ND REVISED EDITION)

DOWNLOAD

Firefly Books Ltd. Paperback. Book Condition: new. BRAND NEW, Canoe: An Illustrated Guide to Fine Woodstrip Construction (2nd Revised edition), Ted Moores, Canoe is the ultimate guide to building a wood-strip canoe. Thousands of canoes have been built using Canoe over the last 30 years. Now revised and expanded with 32 pages of colour, this international bestseller, known as the 'Bible of canoe building' is back, bigger and better than ever. Ted Moores is a master builder of woodstrip/epoxy canoes. Over four decades teaching wooden-boat construction, he discovered that the same dream motivates all of his students, no matter their age: to build something beautiful and functional. Canoe is the road map to that dream. Moores offers comprehensive instructions for the first-time builder, and for the second-time builder. He adds a variety of canoe plans, each presented as a traditional table of offsets. There is also a series of builder's tips and techniques, and an entire chapter on carving a paddle, the perfect accompaniment to a handcrafted canoe. The author's counsel is straightforward: 'When good materials are used and simple steps are performed with care, professional results are sure to follow.' Whether the goal is to build a general-purpose recreational canoe, or an efficient modern tripping canoe, or a full-decked fast-cruising canoe with walnut veneer, Canoe is the ideal guide to making it happen successfully.
