BookBaby, 2017. Paperback. Condition: New. Language: English . Brand New Book. Perception is reality, but you can change your perceptions, ergo, you can change your reality. This book is about how to look at the same circumstances and choosing to see them differently, react differently and produce different results. It isn't all just positive thinking either, although that helps, it's more about how to face the harsh realities in life and CHOOSING to see them in a way that will have an impact that you prefer. It's filled with experiential stories and examples as well as realistic techniques you can apply to shift your thinking. Also emphasized in the book is the importance of the intangibles in life and business. Things like courage, confidence, integrity, caring and many others that will super charge your results. The intangibles create the tangible results and you'll never look at results the same if you can apply this thought process into your arsenal of tools to manage your business or personal life.
