A NEW DEVELOPED ENVIRONMENTALLY FRIENDLY HIGH PERFORMANCE COMPOSITE

Condition: New. Publisher/Verlag: VDM Verlag Dr. Müller | Loose Fiber Molding: Cure and Product Design Fundamentals | With increasing concerns about environmental protection, natural renewable materials become more and more popular in many applications including a variety of building products, automotive, infrastructure, and other industries. Natural fiber polymer composites have drawn a great deal of interest in recent years because these materials possess high potential to achieve great property improvement. The resulting composite has technical advantages during production and performs...
