IMMUNOLOGY SEROLOGY IN LABORATORY MEDICINE (PAPERBACK)

Elsevier - Health Sciences Division, United States, 2017. Paperback. Condition: New. 6th Revised edition. Language: English . Brand New Book. If you re looking to succeed in today s modern laboratory environment, then you need the insightful guidance found in Immunology Serology in Laboratory Medicine, 6th Edition. Continuing to set the standard for comprehensive coverage of immunology, this must-have resource covers everything from mastering automated techniques to understanding immunoassay instrumentation and disorders of infectious and immunologic origin. As with previous editions, trusted author, teacher and former university program director, Mary Louise Turgeon helps you build a solid foundation of knowledge and skills by taking you from basic immunologic mechanisms and serologic concepts to the theory behind the procedures you will encounter in the lab. And now with a new full-color design, additional case studies, wealth of content updates, and new features, there s never been more reason to rely on Turgeon to stretch your critical thinking skills and fully prepare for success in the clinical lab. Comprehensive immunology coverage features the latest illustrations, photographs and summary tables to help clarify various concepts and information visually. Emphasis on critical thinking utilizes case studies to challenge readers to apply their knowledge to practice. Procedural protocols move readers from immunology theory to practical aspects of the clinical lab. Chapter highlights and review questions at the end of each chapter offer opportunities for review and self-assessment. Learning objectives and key terms at the beginning of each chapter outline the important vocabulary, information, and concepts found in the chapter. Glossary at the end of the book provides a quick reference to key terms and definitions. $\frac{1}{2}$ NEW! Full color diagrams and micrographs increases comprehension and gives readers a much better sense of what they will encounter in the lab. NEW! Updated content on vaccines, tumor immunology, transplant rejection, immunotherapies, instrumentation for molecular diagnosis,...
