Conceptual Design Standards for a Single Comprehensive Confidential Health Record Database Communications Network (Paperback)

By John R Krismer

Ccb Publishing, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Patients legally own their medical records that are stored either manually or on an assortment of computers, software, and operating systems in a variety of disorganized healthcare facilities, which are spiraling healthcare costs out of control. In 1910, the Flexner Report by the Carnegie and Rockefeller Foundations, established medical education standards and licensing of qualified physicians who took the moral and ethical Hippocratic Oath to Do No Harm, but today s costs are clearly harming those sick and disabled that cannot afford to obtain proper healthcare. To counter Medicare and Medicaid, for profit insurance companies and the pharmaceutical industry aggressively lobbied Congress with favors as our World Health Organization s (WHO) healthcare ranking dropped from first to thirty-second. Profit insurance marketed only healthy clients and working groups to buy cheaper Tiered low-risk Group Rated profit insurance, knowing these clients did not have a clue that each group rate would increase as its members decreased in number due to health related problems and age. This forced Blue Cross and Blue Shield to cover more of the aged, sick and disabled, and pregnancies, which profit...
