Reverend Bonnie Darby D/B/A Conscious Awareness Li, United States, 2015. Paperback. Condition: New. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*. Spiritualism, the word itself seems so mystical and mysterious! Spiritualism is the Science, Philosophy and Religion of continuous life, based upon the demonstrated fact of communication, by means of mediumship, with those who live in the Spirit World (definition from the National Spiritualist Association of Churches). Continuous life, we are a soul emanating from our Infinite Spirit God living a human existence. Our soul never ceases to exist only our body dies. Mediumship is the phenomena whereby qualified individuals can communicate with those beautiful souls who have made their transition to the Higher Realms. Spiritualism is so much more than just proving the continuity of life. Through Spiritualism I learned about the laws of God (Universal Laws). I found that when I live within the flow of these laws there is natural rhythm to all of life and my life became so much less complex. This booklet is a brief glimpse of Spiritualism designed to open the mind to a better understanding of the Science, Philosophy and Religion of Spiritualism thus closing the door to misconceptions. I am just an average person living my life believing that all things are possible through our Infinite Spirit God. I believe everyone is exactly where they are supposed to be on their life path so this booklet is not an attempt to convert. Spiritualism is one of many religious choices and we each should find what resonates within our soul inspiring us to live our lives to our highest and best potential. I believe in our Divine Source the omniscient, omnipresent, omnipotent Infinite Spirit God. Life can't get much better than that!.
