# DDT WARS: RESCUING OUR NATIONAL BIRD, PREVENTING CANCER, AND CREATING EDF (HARDBACK)

Oxford University Press Inc, United States, 2015. Hardback. Condition: New. Language: English . Brand New Book. During the 1950s and 60s, scientists began to question the widespread use of DDT, a pesticide used indiscriminately for agricultural purposes because of its efficiency in killing insects. Researchers were discovering that contact with the chemical was leading to the decline of many species of predatory birds, and was a major factor in causing cancer and reproductive defects in humans. DDT was affecting ecosystems...

## Reviews

*Absolutely essential study book. It normally fails to price excessive. I realized this ebook from my dad and i encouraged this publication to find out.*

-- **Mariela Stroman**

*I just started out reading this ebook. We have read and so i am certain that i am going to gonna study yet again again in the future. I found out this book from my dad and i encouraged this publication to find out.*

-- **Kristoffer Kuhic**

*Extensive manual for publication fans. It is actually filled with knowledge and wisdom You can expect to like how the author compose this pdf.*
