Amit Agarwal

Bioresorbable Plates Versus  
Titanium Miniplates in  
Mandibular Fracture

Condition: New. Publisher/Verlag: LAP Lambert Academic Publishing | Here we present a comparative study of fixation, with bioresorbable plates and titanium miniplates, for treatment of mandibular fractures. It was carried out to compare the efficacy of bioresorbable plates with titanium miniplates for adaptability, effect on fracture line, cost, complications. With our observations it can be concluded that bioresorbable plates exhibit negligible complications, good handling properties, no sensitivity in cold weather and good result in the management of mandibular fracture. However...

### Reviews

*The most effective publication i at any time go through. This is certainly for all those who statte that there had not been a worthy of looking at. Its been printed in an extremely straightfoward way which is merely soon after i finished reading this publication where basically changed me, change the way in my opinio n.*
