

Reapers: A Botswana Mystery (Paperback)

By Frederick Ramsay

Poisoned Pen Press, United States, 2013. Paperback. Condition: New. Language: English . Brand New Book. The World Cup brings an influx of soccer fans, team owners, sponsors, and world dignitaries to southern Africa, particularly Botswana-making the area ripe for intrigue and illicit activities. Organise Africa is an effort by fanatics, derived from Wilhelm Reich's popularization of orgone energy and transmogrified by bad science and wishful thinking. The idea is to seed Africa with orgone, which they believe will purify the continent, ridding it of drought, poverty, and HIV/AIDS. To the north, Patriarche, a silverback mountain gorilla, is forced to share his habitat with coltan miners led by General Le Grande, one of the Congo's many bloody war lords. Sanderson, Game Ranger in the Chobe National Park, finds a body. Tracking down the murderer leads her and Inspector Kgabo Modise to evidence of local bribery, then to smuggling, and finally to what could well provoke an international incident.
