This groundbreaking book from the UK s leading spokesman on nutrition looks at why millions of people have cravings for substances such as coffee, sugar and alcohol, as well to drugs such as sleeping pills, antidepressants, marijuana and cocaine. It uncovers how the brain becomes addicted and how it can be unaddicted through a combination of diet, supplements and lifestyle factors. The book is written in association with Dr David Miller, who has worked in the addiction field for 25 years and is an expert in relapse prevention. It looks at each of the most common substances that people become addicted to and offers specific advice on how to tackle that particular substance safely and effectively yourself. In-depth yet practical and accessible, HOW TO QUIT WITHOUT FEELING S\*\*T, will allow you to understand why you feel the way you do, whether you have a dependency or have already given up but still feel lousy.
