Springer. Paperback. Book Condition: New. Paperback. 378 pages. Dimensions: 9.3in. x 6.1in. x 0.9in. Interactive Distributed Multimedia Systems (IDMS) and Protocols for Multimedia Systems (PROMS) have been two successful series of international events bringing together researchers, developers, and practitioners from academia and industry in all areas of multimedia systems. In 2002, for the first time, these two workshops were held jointly, in what we hope was the first of a new series of challenging and topical international workshops. IDMSPROMS 2002 contributed to scientific, strategic, and practical advances in the area of distributed multimedia applications, protocols, and intelligent management tools, with emphasis on their provision over broadband networks. Along with tutorials, regular papers and technical demonstrations, IDMSPROMS 2002 resulted in high-quality original work. The areas of interest of IDMSPROMS cover mobile multimedia systems, multimedia middleware, multimedia communication protocols, quality-of-service issues, resource management, next-generation Internet, active and programmable networking for multimedia applications, multimedia-specific mobile agents, multimedia distribution and transport, multimedia traffic engineering, multimedia encoding and compression, ubiquitous computing, multimedia applications, development tools for distributed multimedia applications, performance of protocols and applications, multimedia content management, service access, accounting and traffic policing for multimedia teleservices, and standards (e.g., MPEG) and related issues. The IDMSPROMS 2002 call for papers attracted 112 submissions from Asian, Australian, European, North American, and South American countries. These were subject to thorough review work by the Program Committee members and additional reviewers who carried out their work using a specially built conference system, WebChairing, developed in Coimbra by FlordeUtopia, which allowed full control of the submission and reviewing processes. This item ships from multiple locations. Your book may arrive from Roseburg, OR, La Vergne, TN. Paperback.
