Reviews

I actually started out looking at this book. It really is rally interesting throgh studying time period. I am just happy to inform you that here is the greatest ebook i have read through within my personal daily life and could be he best book for possibly.
(Miss Myrtice Heller)

IT GOVERNANCE POCKET GUIDE (PAPERBACK)

IT Governance Publishing, United Kingdom, 2007. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.This pocket guide is designed to provide the reader with a basic understanding of how an organization s Information Technology supports and enables the achievement of its strategies and objectives. IT Governance recognizes that Information and Information Technology is at the heart of the modern economy - and at the heart of the modern business. It is a critical component of corporate governance and this pocket guide provides an introduction on how to approach this complex subject. This pocket guide describes the drivers for IT governance; why it matters; the relationship between IT governance, risk management, information risk, project governance and compliance risk; lists the symptoms of inadequate IT governance and the benefits that can be won by implementing an IT governance framework, and describes - in principle - how to go about doing this.
