Createspace Independent Publishing Platform, United States, 2014. Paperback. Condition: New. Language: Chinese . Brand New Book ***** Print on Demand *****.Searching for the Meaning of Life emphasizes the basic principle that should be followed when we discuss the meaning of life. We may discuss this principle in religion, psychology, and philosophy; in this book, however, we will start from Tao Philosophy, where Lao-tzu describes the rules of nature as The Principle of Oneness. The state of nature is where we can attain the state of joy. We may thus base our meaning of life on nature. By returning to nature, our life will be free from all anxieties, and return to joy. This is the state of Oneness of all. The goal of religion, psychology, and philosophy is to discover joy. Therefore, we may see how this principle is used to construct the meaning of life, by eliminating anxiety in our lives and by making Now meaningful in our life. We shall discuss this principle in terms of religion, psychotherapy, and philosophy. Ancient religion started to relieve the disturbance of this problem by assume the immortality of the soul to affirm this life with heaven and reincarnation. Some religions will tell us that all evils are caused by our own acts and life is suffering, until you can get eternal peace and joy. The meaning of life is to believe and obey God's will, so that we can be saved. Some other religions teach that we can find a life free from pain. Various denominations have a complete system to allow us to establish a system of meaningful thought. Modern people also use psychotherapy to help find the road to peace and joy. Austrian psychiatrist Sigmund Freud (1856-1939) began looking for the lost meaning of life. This started the...
