Atria Books, United States, 2013. Hardback. Book Condition: New. 231 x 157 mm. Language: English . Brand New Book. The New York Times bestselling author of *The Wonder of Boys* offers a holistic and uplifting look at the emotional, spiritual, and cognitive dimensions of aging and how to celebrate life after fifty. This profound book looks at aging as something positive, life-giving, and miraculous. Called the people's philosopher for his ability to apply scientific ideas to our ordinary lives, Gurian sees life after fifty as an enormously fruitful, exciting, and fulfilling time. Drawing on groundbreaking research in neuroscience as well as anecdotes from his many clients over the last two decades, he goes beyond the physical-centered view of aging to present a new, holistic paradigm that embraces the soul-enriching opportunities of fifty and beyond. *The Wonder of Aging* divides the second half of life into three stages: the Age of Transformation, from our late forties to around sixty; the Age of Distinction, from sixty to seventy-five; and the Age of Completion, which involves the final stage of our journey. Discussing topics such as sex, how men and women age differently, the effects of aging on the brain, grandparenting, living with purpose, and what to expect in...
