### ***Reviews***

*It is fantastic and great. It is written in easy words and phrases instead of confusing. I am just delighted to explain how this is actually the best book I have got read through during my individual life and might be the finest publication for ever.*  
*(Prof. Murl Shanahan DDS)*

## MICRO, ENGLISH EDITION

Book Condition: New. Publisher/Verlag: HarperCollins UK | Escape is Impossible. Survival is not Enough. | Drei Männer werden tot in einem verschlossenen Büroraum in Honolulu aufgefunden. Es gibt kein Zeichen eines Kampfes und doch sind die Leichen mit rasiermesserscharfen Schnitten übersät. Ohne Beweise für einen Mord, geht die Polizei von einem geheimnisvollen Selbstmordpakt aus, nicht wissend, dass die Mordwaffe sich noch immer in dem Raum befindet- unsichtbar für das menschliche Auge. Der wohl letzte Thriller aus dem Nachlass des so früh verstorbenen Michael Crichton. | Three men are found dead in the locked second-floor office of a Honolulu building, with no sign of struggle except for the ultrafine, razor-sharp cuts covering their bodies. The only clue left behind is a tiny bladed robot, nearly invisible to the human eye. In the lush forests of Oahu, groundbreaking technology has ushered in a revolutionary era of biological prospecting. Trillions of microorganisms, tens of thousands of bacteria species, are being discovered; they are feeding a search for priceless drugs and applications on a scale beyond anything previously imagined. In Cambridge, Massachusetts, seven graduate students at the forefront of their fields are recruited by a pioneering microbiology start-up. Nanigen MicroTechnologies dispatches the group to a mysterious lab in Hawaii, where they are promised access to tools that will open a whole new scientific frontier. But once in the Oahu rain forest, the scientists are thrust into a hostile wilderness that reveals profound and surprising dangers at every turn. Armed only with their knowledge of the natural world, they find themselves prey to a technology of radical and unbridled power. To survive, they must harness the inherent forces of nature itself. An instant classic, Micro pits nature against technology in vintage Crichton fashion. Completed by visionary science writer Richard Preston, this boundary-pushing thriller melds scientific...
