TELEPHONE COMMUNICATION SYSTEM ESSENTIALS

Authorsolutions (Partridge Singapore), United States, 2014. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Perhaps nothing is taken more for granted than the telephone. Whenever you pick it up, you just assume it will work. But there are many elements in a telephone network, and they all must be integrated. Whether it s signaling, switching or channeling, so many things need to go right. In this guidebook, you ll learn about key topics such as: differences between analog and digital signals; strategic analog and digital communication illustrations; basics about circuit switching and packet switching; wireless channels, modulation, and multiplexing. Even though it s one of the most amazing devices ever created, many people still don t have a real appreciation for the telephone, which has given businesses the opportunity to reach more prospects and individuals a way to stay in touch with family members and friends. Whether you re a student, lecturer, professional in the field or just someone who is curious about how telephone networks function, you ll be armed with fundamental knowledge in Telephone Communication System Essentials.
