By Morris Nitsun

Taylor Francis Ltd, United Kingdom, 2006. Paperback. Condition: New. Language: English . Brand New Book. Why do people find it so difficult to talk openly about sex? In this original and groundbreaking book, Morris Nitsun argues that desire and sexuality are key components of human experience that have been marginalized in the group psychotherapy literature. Highlighting current concerns about sexual identity, boundary transgression and what constitutes effective psychotherapy, detailed clinical illustrations cover areas such as: * The erotic connection * The dissociation of desire * The group as witness * Erotic transference and counter-transference Psychotherapists and all those interested in sexual development and diversity will value the challenging approach to sexuality this book offers.
