Reviews

Definitely one of the best book We have at any time go through. It is actually filled with wisdom and knowledge I am quickly could get a delight of studying a published book.

(Dr. Kim Bergnaum)

OUR SECULAR AGE: TEN YEARS OF READING AND APPLYING CHARLES TAYLOR

Gospel Coalition, The. Paperback. Condition: New. 176 pages. Dimensions: 9.0in. x 6.0in. x 0.4in. Probably no book published in the last 10 years has been so formative for my thinking and ministry as Taylors A Secular Age. Taylor (b. 1931) challenges my own faith as much as he equips me to counsel other believers swimming upstream in cultures not conducive to belief. I regret that the length of his work (nearly 900 pages) and the density of his prose preclude most pastors and other Christian leaders from even picking up the book. Yet I remain convinced that taking up the challenge of Taylor would equip Christians with invaluable historical, theological, sociological, and philosophical context as they carry out the Great Commission (Matt. 28: 18-20) in our secular age. Pastors, missionaries, and social workers in particular would benefit. In fact, these are the core audience for this book precisely because I believe Taylors analysis can help pastors and church planters understand better the contexts in which they proclaim the gospel, writes James K. A. Smith, who teaches philosophy at Calvin College. Probably no author has done more than Smith to popularize Taylor for the benefit of the church. In many ways, Taylors Secular Age amounts to a cultural anthropology for urban mission. The purpose of this book, then, is to read and apply Taylor to various aspects of the churchs life and mission. Interpreters and practitioners will assess Taylor from multiple perspectives, including his reading of the Reformation and medieval philosophy, and apply A Secular Age to everything from healthcare to liturgy to pop culture and politics. In this introduction I aim to familiarize readers, many of whom will never pick up A Secular Age, with Taylors basic arguments and a key interpreter from the last decade. And I seek to demonstrate...
